## Skills

Student records management

Excellent

Group and individual instruction

Very Good

Testing and grading

Excellent

Standardized Testing

Excellent

Academic advisement

Very Good

Online classroom management

Excellent

Lab equipment operation

Very Good

Highly qualified Math and Science Teacher with 10 Years of experience teaching general science, chemistry, physics, biology and math up to calculus to pupils at every academic level. Plans and delivers math and science programs that includes demonstrations, lectures, discussion and student experiments to develop language, logic and problem-solving skills in classroom.

## Work History

2016-09 -

Current

### Math/Science Teacher

*C2 Education, Carl Place, New York*

- Teaches chemistry, physics, biology and calculus to small classes on information compiled from multiple sources, including textbooks, online sites and other educational materials.
- Assesses student comprehension through regular quizzes, tests and assignments.
- Uses diversified teaching techniques and learning tools to help students with differing ability levels and varied learning modalities.
- Leverage diverse learning strategies to prepare students for higher-level education requirements.
- Communicates with students and parents regarding academic progress, assignments and behavior.

2016-09 -

2017-03

### Chemist

*Farmingdale State College, Farmingdale, New York*

- Assisted with researching the potential of Liquid flow batteries.
- Performed standardized tests on organic and inorganic compounds to observe fundamental differences in properties.
- Cleaned and organized laboratory and kept supplies well-stocked to save time, money and promote laboratory efficiency.
- Performed technical laboratory functions in compliance with regulatory agencies and safety requirements.

2015-08 -

2016-09

### Education Coordinator

*Huntington Learning Center, Plainview, New York*

Lesson plan development

Excellent

Research background

Very Good
